
HellermannTyton

Dear **Andrew**,

The staff at HellermannTyton wishes all our customers a truly prosperous 2023!

Please note there will be a **6% price increase** on some, but not all our products, **effective Thursday 12 January 2023**.

Some of the products, not affected by the increase include Cable Ties (locally manufactured), 1m Heatshrink Packs, Cable Lugs & Ferrules, some Pre-Insulated Terminals, and Cable Glands (Metal: BWR, BWL and Compression).

We are not adjusting pricing on all our products to assist you, our valued customer, during the continued tough economic conditions.

Some products that are affected by the 6% increase include Cable Markers, Tools & Instruments.

An updated price list will be available from our sales team from the **11th of January 2023**. Alternatively, please use our customer On-Line purchasing platform <https://shop.hellermantyton.co.za/> to view your pricing.

We thank you for your continued support.

Yours faithfully,

Andrew Edwards
Head of Sales – Electrical Markets
